DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rick Martin (Reg. #32,267) on 14 November 2005.

The application has been amended as follows:

In The Claims (filed 11/1/05):

In lines 15-16 of **Claim 1**, "accomplish a flipping (panning) of" has been changed to – accomplish a flipping/panning of –

In lines 16 of **Claim 20**, " housings to flip (pan), thereby" has been changed to – housings to flip/pan, thereby –

Claims 30 and 31 have been cancelled.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims in this case is the inclusion of a left and right claim shell to form the body of a robot, where the body additionally contains a tail boom that can be powered downward to contact a ground surface, the tail boom contacting the ground allows the body to flip end-over-end to clear obstacles, in combination with the other elements recited not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian Swenson whose telephone number is (571) 272-6699. The examiner can normally be reached on M-F 9-5.
